**ILEC-CLEC Mid-Span Meet POI Amendment
to the Interconnection Agreement between
Qwest Corporation dba CenturyLink QC and
Tekstar Communications, Inc.
for the State of North Dakota**

This is an Amendment ("Amendment") to the Interconnection Agreement between Qwest Corporation dba CenturyLink QC ("CenturyLink"), a Colorado corporation, and Tekstar Communications, Inc. ("CLEC"), a Minnesota corporation, (collectively, the "Parties").

RECITALS

WHEREAS, the Parties entered into an Interconnection Agreement ("Agreement") for service in the state of North Dakota concurrent with this Amendment that is also filed with the Commission; and

WHEREAS, the Parties wish to amend the Agreement further under the terms and conditions contained herein; and

WHEREAS, CLEC's Affiliates, as shown on Attachment 2 are ILECs operating outside of CenturyLink's service territory and CenturyLink and ILEC Affiliates have jointly provisioned a facility between them which is used for the exchange of traffic between CenturyLink and ILEC Affiliates, and CenturyLink and CLEC wish to use that facility for the separate exchange of traffic between CenturyLink and CLEC;

WHEREAS, the Affiliates are listed on the CPNI Annual compliance filing

AGREEMENT

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

Amendment Terms

The Agreement is hereby amended by adding terms and conditions for Mid-Span Meet POI as set forth in Attachment 1 to this Amendment, attached hereto and incorporated herein by this reference.

Effective Date

This Amendment shall be deemed effective upon approval by the Commission; however, the Parties may agree to implement the provisions of this Amendment upon execution. To accommodate this need, CLEC must generate, if necessary, an updated Customer Questionnaire. In addition to the Questionnaire, all system updates will need to be completed by CenturyLink. CLEC will be notified when all system changes have been made. Actual order processing may begin once these requirements have been met. Additionally, CenturyLink shall implement any necessary billing changes within two (2) billing cycles after the latest execution date of this Amendment, with a true-up back to the latest execution date of this Amendment by the end of the second billing cycle. The Parties agree that so long as CenturyLink implements the billing changes and the true-up as set forth above, the CLEC's bills shall be deemed accurate and

adjusted without error.

Further Amendments

Except as modified herein, the provisions of the Agreement shall remain in full force and effect. The provisions of this Amendment, including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to departures from the provisions of this Amendment may not be given without the written consent thereto by both Parties' authorized representative. No waiver by any Party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, will be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

Entire Agreement

The Agreement as amended (including the documents referred to herein) constitutes the full and entire understanding and agreement between the Parties with regard to the subjects of the Agreement as amended and supersedes any prior understandings, agreements, or representations by or between the Parties, written or oral, to the extent they relate in any way to the subjects of the Agreement as amended.

The Parties intending to be legally bound have executed this Amendment as of the dates set forth below, in multiple counterparts, each of which is deemed an original, but all of which shall constitute one and the same instrument.

ATTACHMENT 1

CenturyLink and CLEC's Affiliated ILECs have previously exchanged traffic using facilities established for the exchange of traffic between CenturyLink and CLEC's Affiliated ILEC operations. In order to efficiently use the Parties' network facilities, the existing ILEC facility will be treated as a "Mid-Span Meet POI" point of interconnection, as defined below. CLEC will provision separate trunks on the existing facility for its non-ILEC traffic and represents and warrants that it will not use any trunks over the existing facility established for use in its ILEC operations for any traffic that is governed by this Agreement. Should either CLEC's Affiliated ILECs or CenturyLink request to alter the arrangements for any of the existing ILEC Affiliate meet point facility, the CLEC and CenturyLink will be required to re-negotiate a CLEC POI and the existing LIS trunk groups may need to be re-provisioned.

1. Mid-Span Meet POI.

A Mid-Span Meet POI is a negotiated Point of Interface, limited to the Interconnection of facilities between the CenturyLink Serving Wire Center location and the location of the CLEC switch or other equipment located within the area served by the CenturyLink Serving Wire Center. The Parties will use the existing facilities in place between CLEC's Affiliated ILEC and CenturyLink, establishing a Mid-Span Meet POI within CenturyLink's franchised service territory over which CLEC will establish its LIS trunking. For any additional Mid-Span Meet POIs that CLEC may request, the actual physical Point of Interface and facilities used will be subject to negotiations between the Parties. Each Party will be responsible for its portion of the build to the Mid-Span Meet POI. Any ILEC Affiliate meet point established to a CenturyLink Remote Switch cannot be used to establish an ILEC-CLEC Mid-Span Meet POI. The Mid-Span Meet POI will be used exclusively as an Interconnection facility and cannot be used for other purposes such as Unbundled Network Elements or Access Services.

ATTACHMENT 2

The following ILEC Affiliates are listed among Arvig Affiliates in the attached CPNI 2017 annual filing carriers make with the FCC.

Arrowhead Communications Corp. dba Arvig,
Callaway Telephone Company dba Arvig,
Clements Telephone Company dba Arvig,
Eagle Valley Telephone Company dba Arvig,
East Otter Tail Telephone Company dba Arvig,
Felton Telephone Company dba Arvig
Loretel Systems, Inc. dba Arvig,
Melrose Telephone Company dba Arvig,
Midwest Telephone Company dba Arvig,
Osakis Telephone Company dba Arvig,
Redwood County Telephone Company dba Arvig,
The Home Telephone Company dba Arvig,
The Peoples Telephone Company of Bigfork dba Arvig,
Twin Valley-Ulen Telephone Company dba Arvig

Before an ILEC Affiliate can be used for an ILEC/CLEC Mid-Span Meet Point, CenturyLink reserves the right to request a current FCC annual filing in order to verify the CLEC is still Affiliated with the ILEC being used.
